# 1. COMPLAINTS HANDLING POLICY & PROCEDURE

# 1.1 INTRODUCTION

## PURPOSE

ACC International Missions Ltd and ACC International Relief Inc (collectively referred to as “ACCI”) recognises that listening to and responding to feedback, concerns and complaints is integral to our commitment to achieving the high standards and ensures accountability to all stakeholders. We further recognise that receiving and responding to complaints results in valuable learning and is aligned with our commitment to continuous improvement. The Complaints Handling Policy outlines ACCI responsibilities and response to feedback and complaints and the principles which underpin our approach.

## RELATED POLICIES

Based on the nature of the complaint, it could be directly or indirectly related to other ACCI policies such as:

- ACCI Child Safeguarding Policy
- ACCI Prevention of Sexual Exploitation, Abuse and Harassment Policy
- ACCI Standards Policy
- ACCI People Policy, including the Dispute Settlement and Performance Improvement sections
- ACC Grievance Policy and ACC Ministers Code of Conduct (for those who hold Ministers Credentials)
- ACCI Whistleblowers Policy

Where a complaint involved an ACC Credentialed Minister and a breach of the ACC Ministers Code of Conduct, it will be necessary to initiate the ACC Grievance and Disciplinary process in tandem with this policy.

## GUIDING PRINCIPLES

ACCI’s Complaints Handling Policy is guided by the following principles:

### **Principle 1:** Visibility and Accessibility

We will be proactive in providing clear and easily understandable information to our partners and stakeholders as to how and where to make a complaint or provide feedback. We will take measures to ensure that accessible and safe points of contact are made available for people to make complaints or provide feedback.

Complaints can be made both verbally or in writing by email, telephone, in person or through other means necessary to ensure inclusivity for people with disabilities or to overcome language barriers. We will endeavor to assist a complainant to put their complaint in writing or write down a complaint provided to us orally as factually and faithfully as possible.

### **Principle 2:** Responsiveness

We will respond to complaints and feedback in a timely manner and according to the predetermined timeframes.

**Principle 3: Objectivity**

All complaints will be addressed in a fair, equitable and unbiased manner, based on the evidence submitted and uncovered throughout the complaints handling process. Making a complaint will in no way result in prejudice with respect to an individual's future participation in any programs or activities.

**Principle 4: Confidentiality**

All complaints and the complaints handling process will be kept strictly confidential. Information will be shared on a needs basis only with those directly involved in the investigation. It is expected that all those involved in the investigation will also uphold strict confidentiality. A complainant's name and personal details will not be disclosed to anyone other than those involved in handling the investigation without first obtaining the complainant's permission.

**Principle 5: Stakeholder-focused approach**

The interests and wellbeing of our stakeholders are foremost in our approach to complaints handling. When a vulnerable person (complainant or individual) is involved, their needs are prioritised.

Sexual exploitation, abuse or harassment and child safeguarding complaints will be handled in a manner that balances respect for due process with a survivor-centered approach in which the survivors' wishes, safety, and well-being remain a priority in all matters and procedures. All actions taken will be guided by respect for the safety, choices, wishes, rights and dignity of the survivor. For survivors who require additional support or protection, the General Manager will coordinate with and make referrals to social services organisations

**Principle 6: Accountability**

Accountability for decision making and action pertaining to complaints will be clearly established and communicated.

**Principle 7: Continual improvement**

ACCI is committed to ongoing improvement in all areas of the organisation's work, including our programs and organisational policies and procedures.

## SCOPE

This policy applies to the handling of feedback and complaints relating to all ACCI personnel, programs, advocacy initiatives, fundraising and campaign activities, whether implemented in Australia or overseas. It equally applies to programs and activities implemented by ACCI or our strategic partner organisations. This policy applies to complaints received from the following stakeholders:

Internal Staff Stakeholders:

- All ACCI **Staff** including but not limited to employees, contractors and consultants.
- All ACCI **Volunteers** including but not limited to office and event-based volunteers.
- All ACCI **Board Members**.

Internal Field Workers or Partner Stakeholders:

- All ACCI **Field Workers**.
- All ACCI **Associates**.

- All ACCI **Strategic Partners** including any organisation receiving ACCI funding in Australia or abroad to implement activities including but not limited to community development, disaster response or non-development activities.

External stakeholders:

- All ACCI **Beneficiaries** of projects and programs.
- All ACCI **Supporters and Donors**.
- Members of the **public**.

## COMPLAINT DEFINITIONS & CATEGORIES

Definitions:

**Complaint:** An expression of dissatisfaction made to an organisation, related to its products or services, or the complaint handling process itself, where a response or resolution is explicitly or implicitly expected.

**Complainant:** A person, organisation or its representative, making a complaint.

**Feedback:** The systems and process which enable an organisation to listen to their stakeholders and ascertain if agreed standards, requirements, expectations and needs are being met. Feedback is inclusive of suggestions, comments, opinions and complaints.

**Inquiry:** A request for information or an explanation.

**Beneficiary:** People directly engaged in a project or program or benefiting from the activities and outcomes of a program or project.

**Third Party Program:** Overseas Activities carried out by Strategic Partners, Associates and Field Worker national ministry partners. ACCI pursues its charitable purposes in part through collaborating with a third party or third parties to deliver programs overseas and we have a responsibility to monitor complaints made to, about and by third parties who we formally collaborate with. This policy allows for any of beneficiaries, employees, volunteers or Board members of a third party to make a complaint directly to ACCI.

Categories:

Complaints will be categories by considering whether one or more of these criteria apply:

- Severity;
- Health (including mental health) and safety implications;
- Financial implications for the complainant or others;
- Complexity, including whether there is more than one issue raised in the complaint and whether each needs to be separately addressed;
- Jurisdiction - multiple jurisdictions or requires reporting to an external body;
- Impact on the individual, public and organisation;
- Potential to escalate;
- Systemic implications;
- The need for, and possibility of immediate action; and
- Whether or not anyone else needs to be consulted in making an assessment.

Complaints will be classified as either an:

**Inquiry** - A complaint that is based on a simple misunderstanding or insufficient information, that can be resolved by the provision of information that immediately satisfies the complainant, will be recorded as an inquiry, with the complainant becoming an inquirer.

**Minor complaint** - A complaint that is not considered to be serious in its nature will be recorded as a minor complaint. Where appropriate, endeavour to resolve minor complaints immediately by correcting misunderstanding or providing missing information, then ensuring that the complainant is completely satisfied with the information and or resolution provided.

**Safeguarding complaint** - Any complaints relating to breaches the ACCI Child Safeguarding Policy or the ACCI Prevention of Sexual Abuse, Exploitation and Harassment Policy (PSEAH), and any incidents involving sexual misconduct, including child-related incidents. A safeguarding allegation always necessitates an investigation and resolution. Depending on the severity of the allegation, relevant authorities will be notified who may take over the investigation process.

**Major complaint** - A non-safeguarding complaint that is assessed as being serious in its nature will be recorded as a major complaint. As a guide, the following types of complaints should always be categorised as major:

- All complaints including allegations of financial misconduct, fraud, corruption, theft, bribery, money laundering or terrorism financing;
- HR misconduct incidents such as bullying, discrimination or ministers code of conduct breaches; and
- Concerns regarding the quality of project delivery or beneficiary treatment for any ACCI Relief programs.

Providing timely responses to complaints, will often require making an initial category assessment based on the limited information available at the time. Further information and details will arise through enquiry and investigation, which may escalate or de-escalate the seriousness of the complaint and result in re-categorisation.

## COMMUNICATING & DISSEMINATING THE POLICY

ACCI is committed to ensuring both internal and external stakeholders, especially primary beneficiaries, are aware that they are encouraged to report complaints and know how to do so. We are also committed to work closely with our partners and field workers to develop active measure to remove barriers that may discourage or prevent complaints being made, especially for vulnerable and marginalised community members.

Strategies include:

- Dissemination to Internal Stakeholders
  - ACCI's Complaints Handling Policy is distributed to all internal stakeholders upon their commencement with the organization through an online induction training program. Stakeholders are required to repeat this program on a yearly basis.
  - Updated versions are provided to all stakeholders upon approval.
  - This policy is also communicated in partnership agreements, ACCI's People Policy, and in staff policies.

- Training key personnel
  - Personnel involved in implementing the complaints handling procedures are fully trained in all aspects of implementation.
- Publicising policy
  - The Complaints Handling Policy is easily accessible and available for download on the ACCI Missions and Relief website and in other relevant publications.
- Training and coaching partners and fieldworkers working directly with primary beneficiaries
  - During onboarding and monitoring processes, ACCI’s program managers and field coaches will work with our partners and field workers to ensure the responsibilities outlined in Section 1.2 are understood and in place. This will include focusing on how implementing partners and field workers can disseminate their compliant handling policies and work towards removing barriers to reporting..

#### **Strategies to disseminate policy with beneficiaries and community members**

(Below has been adapted from ACFID’s Good Practice Toolkit. To see all guidance notes visit - <https://acfid.asn.au/content/commitment-73-we-are-accountable-our-stakeholders#733>)

- *Share information with primary stakeholders through community meetings, parent orientation meetings, house visits, church annual meetings etc. These meetings could include information about your organisations vision, mission and values, the projects being implemented included budgets, information on the expected behaviours of staff and any visitors to their community.*
- *Develop consultation and feedback mechanisms to allow for people to provide suggestions, raise concerns or make complaints. Ensure these mechanisms ‘do no harm’ and protect the privacy, safety and security of those involved. For example, it may be necessary to speak to men and women in separate groups.*
- *Seek out people who may not provide their opinions at community meetings or similar forums i.e. those who are marginalised or voiceless eg people with disability, the elderly, children, LGBTI. This may require household visits.*
- *Ensure a range of accessible options for people to make complaints. These could include email, phone, text and the location of suggestions or complaints boxes placed around the community.*
- *Develop child friendly feedback processes including feedback boxes and picture posters.*

## **REVIEWING AND ONGOING IMPROVEMENT**

As part of our commitment to effective complaints handling and to ongoing improvement, ACCI will ensure that we:

1. Monitor the effectiveness of our compliant handling procedures on an ongoing basis and appropriately update our policy and procedures based on organizational learning and and/or updated notions of best practice with regard to complaints handling practices;
2. Review the policy every three years, managed by the General Manager and in consultation with relevant staff and stakeholders; and
3. Provide ongoing staff training and retraining regarding our complaints handling policy and procedures.

## 1.3 ACCI'S COMPLAINTS HANDLING PROCEDURES

### MAKING A COMPLAINT

Complaints can be made orally in person or by telephone, and in writing by letter, email or other electronic means. When a complaint is made orally, ACCI personnel receiving the complaint will ensure the complaint is documented and contains all the information the complainant wishes to convey.

Complaints can be made by a complainant or by a friend or advocate acting on their behalf.

In the case of specific projects and programs, suggestion boxes may be utilized to accept feedback and complaints. This however does not prevent an individual from making a complaint or providing feedback through the other means described above.

Complaints made anonymously will be accepted as they can alert us to legitimate problems which can be resolved and lead to organizational improvements. It is not however always possible to provide a remedy to the individual in the event of an anonymous complaint.

Complaints can be submitted to a field worker, strategic partner, or another ACCI employee where the complainant has access to or a working relationship with those personnel, and the complainant is comfortable to do so.

Complaints can be submitted to the ACCI General Manager or ACCI Missions Director via the following contact details:

ACCI General Manager complaints@acci.org.au +61 3 8516 9600 5/2 Sarton Rd, Clayton, Victoria, Australia, 3168	ACCI Missions Director director@acci.org.au +61 3 8516 9600 5/2 Sarton Rd, Clayton, Victoria, Australia, 3168
--	--

### RECORDING COMPLAINT DATA

The ACCI Complaints Register will record and document:

- All ACCI Minor, Safeguarding and Major complaints; and
- All Third Party Major and Safeguarding Complaints

ACCI staff responsible for receiving a complaint will ensure that the following information is included:

- A date of receipt
- A clear description of the complaint and any relevant supporting data or evidence
- A requested solution
- A description of the project, program, campaign, event or initiative, practice, procedure or personnel that the complaint pertains to.
- Due date for a response
- Action already or immediately taken to resolve the complaint

If a written complaint is received which does not contain the above information, or in the case of an oral complaint, we will ensure that this information is documented by ACCI personnel.

The ACCI Complaints Register Summary will be reviewed by the Governing Board at each board meeting.

### INITIAL ASSESSMENT OF A COMPLAINT

When receiving any complaints we will:

- Seek from the complainant the outcome/s they are expecting;
- Make an initial assessment of the severity of the complaint and the urgency of action;
- Clearly explain to the complainant the course of action that will follow dependant on:
  - if the complaint is out of our jurisdiction;
  - if we may exercise a discretion not to investigate;
  - if preliminary enquiries need to be made, or further consideration needs to be given; or
  - if the complaint is to be investigated.
- We will ensure that a complainant is not required to express their complaint to a person implicated in their complaint or that a person implicated in a complaint is involved in any way with the handling of that complaint;
- We will also seek to avoid any other conflicts of interest in handling the complaint;
- We will not create false expectations, but assure the complainant that the complaint will receive full attention;
- Give an estimated timeframe or, if that is not possible, a date by which we will contact them again;
- Check whether the complainant is satisfied with the proposed action and, if not, advise them of alternatives;
- Ensure that the complaint is appropriately acknowledged;
- Follow up where necessary, and monitor whether the complainant is satisfied; and
- We will register all complaints, except inquiries.

In addition to this, when we take an oral complaint we will:

- Identify ourselves, listen, record details, and determine what the complainant wants;
- Confirm that we have understood and received the details; and
- Show empathy for the complainant, but not attempt to take sides, lay blame, or become defensive,

We will acknowledge:

- Oral complaints immediately;
- Written complaints within 7 days of receiving the written complaint; and
- Safeguarding complaints within 2 working days of receiving the complaint.

The ACCI personnel handling the complaint will conduct an initial assessment to determine how a complaint should be categorised (inquiry, minor, safeguarding, major) and managed. If there is more than one issue raised in the complaint, it may be appropriate to categorise and handle separately.

As a general guide:

- Inquiries – can be handled and resolved by any ACCI Personnel, with advice from their supervisor or the General Manager as appropriate.
- Minor complaints – must be overseen by the General Manager, with advice from the Missions Director as appropriate.
- Safeguarding and Major complaints – will always include both the General Manager and Missions Director, with advice from the Governing Board as appropriate.

Where the subject or nature of the complaint lays completely outside the scope of ACCI’s jurisdiction (e.g. relates to an employee of another organisation), we will endeavour to refer the complainant onto the appropriate contact for submitting their complaint.

### INVESTIGATING A COMPLAINT

ACCI is committed to the principles of fair and natural justice and allegations are not proof of breach and parties are innocent until proven guilty. We will make every reasonable effort to investigate all the relevant circumstances and information surrounding all complaints.

The level of investigation will be commensurate with the nature of the complaint including the level of supporting evidence or information provide by the complainant. As appropriate, we will:

- Ensure the immediate safety of the victim/survivor;
- Gather and document information, possibly including consultation with relevant involved individuals;
- Ensure confidentiality for complainant, victim/survivor and alleged perpetrator;
- Inform/engage law enforcement authorities, (if applicable);
- Complete formal incident report forms (if applicable); and
- Consult and take advice from ACFID and/or other relevant external, regulatory or enforcement bodies in planning and carrying out an investigation (if applicable).

Where the complaint falls under the jurisdiction of an external body, it may be either appropriate or mandatory for ACCI to report or cooperate with that external body or for the investigation to be conducted by that external body. This includes, but is not limited to:

- ACC National Office - ACC Ministers Code of Conduct matters
- State or Federal Police - Criminal matters
- Other Australian regulatory bodies
- Other Overseas regulatory bodies

We will aim to resolve complaints as quickly as possible and within 30 days unless there are exceptional circumstances. If a complaint is not resolved within 30 days we will inform the complainant of progress and keep them informed of progress every 30 days. However, where an external body is involved in a prolonged investigation, we will establish an appropriate alternative timeframe with the complainant for progress reporting.

### RESPONDING TO AND CLOSING A COMPLAINT

After a complaint is assessed and/or investigated, ACCI will determine an outcome and communicate to the complainant:

- the outcome of the complaint and any action taken;
- the reason/s for the outcome;
- the remedy, resolutions or fixes that have been put in place; and
- options for appealing the outcome.

ACCI will communicate the decision on a complaint within 7 days, unless there are exceptional circumstances. This communication will be in writing in the appropriate language by email and/or post, however, where appropriate, such as in the case of a complaint being made by a local community member (in the field) we will also communicate our decision orally and again in the appropriate language. Where communication is required with multiple parties or cross-cultures, a longer period of time to respond and close may be necessary.

ACCI will encourage the complainant to respond and advise whether or not they are satisfied with our decision. In our decision we will advise that if a complainant is not satisfied, they may appeal the decision, including providing any additional information they may wish to have considered.

In all cases relating to ACCI Relief, we will advise that the complaint may be referred to the Code Committee of ACFID. We will provide all necessary information for referral to the Code Committee and offer to assist in referral.

Based on the decision made in regards to the complaint, we will ensure that all relevant personnel are informed of the outcomes of complaints and the implications for our services, goods, procedures and processes. In addition to this, it may be appropriate to:

- Take further remedial action, including changes to the way in which we operate and improve or undertake further training of staff;
- Counsel or discipline staff or volunteers;
- Review or terminate agreements; and/or
- Undertake further reporting to external regulatory bodies or enforcement authorities.

## APPEALS

If a complainant is not satisfied with the resolution offered after a formal investigation they may make an appeal, which will escalate to either the Missions Director or Board Chairperson. They may then either choose to investigate the matter further, or inform the complainant that no further action can be taken.

If the complaint requires further investigation the complainant will be notified as such and offered a resolution at the end of the investigation, within 30 days.

If the complainant is not satisfied with the outcome of an appeal, they may be encouraged to pursue other means of airing their grievance - including ACFID ([www.acfid.asn.au/code-of-conduct/complaints](http://www.acfid.asn.au/code-of-conduct/complaints)) or the ACC National Office.

## 2. HOW TO MAKE A COMPLAINT GUIDANCE DOCUMENT

*For partners and fieldworkers who do not have their own complaints handling procedures, we recommend you adapt and translate the below information. Strategies should also be outworked to ensure beneficiaries, supporters, donors and members of the public can easily access these details.*

# HOW TO MAKE A COMPLAINT?

## OUR COMMITMENTS

We recognise that listening to and responding to feedback, concerns and complaints is integral to our commitment to achieving the high standards and ensures accountability to all stakeholders.

We have seven core principles that underpin our commitments to our stakeholders.

1. Visibility and Accessibility
2. Responsiveness
3. Objectivity
4. Confidentiality
5. Stakeholder-focused approach
6. Accountability
7. Continual improvement

We further recognise that receiving and responding to complaints results in valuable learning and is aligned with our commitment to continuous improvement.

We are always happy to hear from people who are willing to take their time to help us improve and provide feedback.

## HOW LONG WILL THE COMPLAINT PROCESS TAKE?

You will receive an acknowledgement of your complaint in the following timeframes:

- Oral complaints immediately;
- Written complaints within 7 days of receiving the written complaint; and

- Safeguarding complaints within 2 working days of receiving the complaint.

We will aim to resolve complaints as quickly as possible and within 30 days unless there are exceptional circumstances. If a complaint is not resolved within 30 days we will inform the complainant of progress and keep them informed of progress every 30 days. However, where an external body is involved in a prolonged investigation, we will establish an appropriate alternative timeframe with the complainant for progress reporting.

## OUR APPROACH TO RESOLVING COMPLAINTS

The key elements of complaints processes will include:

### Receiving a complaint

We will:

- Seek from the complainant the outcome/s they are expecting;
- Make an initial assessment of the severity of the complaint and the urgency of action; and
- Clearly explain to the complainant the course of action including estimated timeframes or date of next contact.

### Initial assessment of a complaint

When handling the complaint we will conduct an initial assessment to determine how a complaint should be categorised and managed. As a general guide:

- **Inquiries** – can be handled and resolved by any ACCI Personnel, with advice from their supervisor or the General Manager as appropriate.
- **Minor complaints** – must be overseen by the General Manager, with advice from the Missions Director as appropriate.
- **Safeguarding and Major complaints** – will always include both the General Manager and Missions Director, with advice from the Governing Board as appropriate.

Where the subject or nature of the complaint lays completely outside the scope of ACCI's jurisdiction (e.g. relates to an employee of another organisation), we will endeavour to refer the complainant onto the appropriate contact for submitting their complaint.

### Investigating a Complaint

The level of investigation will be commensurate with the nature of the complaint including the level of supporting evidence or information provided. As appropriate, we will:

- Ensure the immediate safety of the victim/survivor;
- Gather and document information, possibly including consultation with involved individuals;
- Ensure confidentiality for complainant, victim/survivor and alleged perpetrator;
- Complete formal incident report forms (if applicable);
- Consult and take advice from ACFID and/or other relevant external, regulatory or enforcement bodies (if applicable); and
- If appropriate or mandated, report or cooperate or refer complaint to an external body.

### Responding to and closing a complaint

After a complaint is assessed and/or investigated, ACCI will determine an outcome. This outcome will be communicated to the complainant including information regarding the actions taken, fixes that have been put in place and options for appealing the outcome.

ACCI will also review if any further action are required. This may include making organisational changes, providing counsel or discipline to internal stakeholder or reporting further to external regulatory bodies or enforcement authorities.

### WHAT IF YOUR NOT HAPPY WITH OUR RESPONSE?

We hope that we are able to resolve your complaint and move towards a positive outcome. However, if you are not satisfied with the resolution offered after a formal investigation you may make an appeal, which will escalate to either the Missions Director or Board Chairperson. They may then either choose to investigate the matter further, or inform the complainant that no further action can be taken.
